CASTLES, PALACES AND ART OF MUNICH AND BAVARIA
Thursday 1st – Tuesday 6th September 2016

The Friends of National Museum Wales have arranged a tour to experience the fascinating and beautiful area of Bavaria. The breathtaking scenery of this rich region forms a wonderful backdrop to its palaces and castles with their magnificent baroque rococo elements.

Several museums which are second to none and span four centuries will be visited:
- Alte Pinakothek with its outstanding 14th to 18th century works
- Neue Pinakothek featuring European art and sculpture
- Pinakothek der Moderne - open and spacious, in an impressive 25 metre glass dome
- Lenbachhaus, featuring artists of the Blue Rider Movement, established in Munich 1911

The following will also be included in our visit:
- Nymphenburg Palace
- Linderhof Castle
- Neuschwanstein Castle
- Wieskirche

Our tour manager will be Tom Abbot who has guided us on previous tours to Germany and those of us who have been with him previously will testify to his extensive knowledge of the art and architecture of the region. The tour should prove to be both comprehensive and engaging and should not to be missed by any Art lover.
