

Visit to National Waterfront Museum Swansea
31st July 2024

Amgueddfa Cymru encompasses seven sites. One of our aims was to visit all seven sites and we have visited the Wool Museum, Llanberis National Slate Museum, St Fagans of course, Big Pit, The Roman Legion Museum but not the National Waterfront Museum in recent years so we decided to go there next. The Museum is housed in an original listed warehouse linked to an ultra-modern slate and glass building where we can discover the Transport, Materials and Networks that were so important and the 'big things' that contributed to our industrial history. The Industrial Revolution in Wales had a tremendous effect on People, Communities and Lives as well as that of the rest of the World. The National Waterfront Museum tells the story of industry and innovation in Wales, now and over the last 300 years.
